

Since 2005, the Children, Inc. Service Learning Program has supported the work of K-12 teachers in Northern Kentucky and Greater Cincinnati in the encouragement, promotion and development of meaningful service learning experiences for their students at no cost.

Children, Inc., in conjunction with teachers, administrators and community partners empowers students to contribute to their community through acts of service.

### **Faculty Training on Service Learning**

Professional development workshops on service learning and reflection, personalized to your school's needs.

### **Service Learning Consultation**

Consultants provide assistance in the planning and implementation of lessons, identifying community partners and media relations.

### **The Service Learning Network**

Promotes service learning projects around the greater Cincinnati area. We generate professional quality photographs, video, interviews and news articles. The content can be used on school websites and social media platforms and the network has a strong track record of successfully placing the stories with local media - television, print and online.

### **Northern Kentucky Youth Advisory Board**

NKYAB empowers Northern Kentucky high school students to be positive agents of change in their schools and communities. Schools come together once a month to learn leadership skills and to learn from each other as they develop their individual projects around two guiding questions:

1. What will it take for ALL students in Pre-K – 12th grade to be successful?
2. How can students help make that happen?

### **Grants & Funding Support**

Grants for classroom service learning projects to fund project materials 50 - \$100 grants for classroom projects funding project resources and supplies.

Additional support and resources can be offered on an individual, as-needed basis. We welcome the opportunity to meet with you or interested faculty member(s), to learn about your school's service learning initiatives and how we can help you meet your goals.

We are a proud member of the [Greater Cincinnati Service Learning Network](#).
